

CITY OF WILLIAMS LAKE ACCESSIBILITY ADVISORY COMMITTEE

Mission Statement:

To remove physical and social barriers which impede the full participation of persons with disabilities in all aspects of community life.

The World Health Organizations' six disabilities include:

- Mobility
- Agility
- Hearing
- Seeing
- Speaking
- Mental

The Accessibility Advisory Committee meets the first Tuesday of most months (excluding July and August) in the downstairs boardroom at City Hall from 12:00pm – 1:00pm. These roundtable discussion meetings are to bring awareness of positive changes seen within the community, as well as to offer possible opportunities for areas of improvement. Please contact the Committee if you would like to attend one of our future meetings.

For more information, please visit

<http://www.williamslake.ca/267/Accessibility-Advisory-Committee> or email at accessibility@williamslake.ca

The Accessibility Advisory Committee encourages builders and homeowners to follow Universal Design Principles when renovating or building new homes and businesses. For further information, please visit <http://www.bccodes.ca/building-code.html>

Accessibility is an important part of the Official Community Plan for the City of Williams Lake. The City's Policies about accessibility focus on these areas:

- Social Well Being
- Lively Downtown
- Active and Convenient Transportation
- Affordable Housing / Livable Neighborhood
- World Class Recreation

Let's work together to make Williams Lake more accessible!
