Mail or drop off your application to: The City of Williams Lake
Attn: Municipal Services Coordinator
450 Mart Street
Williams Lake BC V2G 1N3, (250) 392-1784

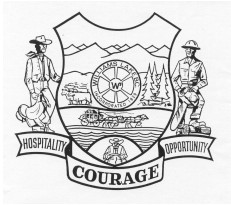

The City of Williams Lake will send a rebate cheque for qualifying installations to the registered homeowner as explained below.

Low Flow Toilets - Rebates for toilets will be the amount of the receipt to a maximum of \$75 for each low flush (4.8L), the amount of the receipt up to a maximum of \$100 for each dual flush (3/4.8L) fixtures and the amount of the receipt to a maximum of \$125 for a 3 liter flush toilet. For new construction, where dual flush (3/4.8L) fixtures are installed, the City of Williams Lake will rebate \$50 with no maximum and will rebate \$75 for all 3 liter fixtures.

Clothes Washers - Rebates for Clothes Washers will be the amount of the receipt to a maximum of \$150 for appliances that have a Water Factor of less than 6 and the amount of the receipt to a maximum of \$200 for appliances that have a Water Factor of 3 or less.

Dishwashers – rebates for Dishwashers will be the amount of the receipt to a maximum of \$150 for appliances that have a Water Factor of 6 or less and the amount of the receipt to a maximum of \$200 for appliances with a Water Factor of 3 or less.

All claims are subject to verification. This offer is on a first come first serve basis and may be withdrawn at any time. **Limit of 2 appliance rebates per residential dwelling per year.**

HELP THE CITY SAVE WATER AND THE ENVIRONMENT WITH THE:

LOW FLOW TOILET/APPLIANCE REBATE PROGRAM.

Many homes in Williams Lake are equipped with older toilets, dishwashers or clothes washers that require more water to operate. New low flow toilets and appliances require much less water while doing the same function

By replacing your old toilet and appliances, you could use up to one-third less water! That could save the average household more than 300 liters per day, or 100,000 liters per year. The City is offering a **MAXIMUM** of two rebates per residential unit per year, as set out on the reverse of this page.

1. Toilets using 4.8 liters or less, with a Maximum Performance (MaP) Tested approved new low flow fixture. Visit website www.cwwa.ca/freepub_e.asp to view.
2. Dishwashers that are on the approved list on the City's website. See reverse for details.
3. Clothes washers that are on the approved list on the City's website. See reverse for details.

WHY HAS THE CITY INITIATED THIS LOW FLOW TOILET/APPLIANCE REBATE PROGRAM?

The City of Williams Lake wants to reduce the amount of water consumed as well as the amount of water flowing into the sanitary sewer system. It costs money to treat the water coming in and going out of your house. Using less water saves both money and the environment for everyone who lives in and around the Cariboo.

WHO IS ELIGIBLE FOR THE REBATE?

This offer is only for owners of residential units that are connected to the City of Williams Lake's Water and Sewer system. There is a **YEARLY** limit of two toilets/appliance rebates per residential unit.

Simple toilet replacements do not require a plumbing permit. However, if you are also renovating, you must apply for a building permit.

NEW CONSTRUCTION

For new construction in the City of Williams Lake, all plumbing must adhere to the BC Plumbing codes. However, the City is providing rebates for those property owners or contractors who choose to install MaP approved Dual Flush toilets (3/4.8L) and 3 liter fixtures instead of the minimum code requirement for toilet installation. There is no maximum for this incentive.

WHAT ABOUT MY OLD TOILET OR APPLIANCE?

Your old toilet or appliance must be disposed of at the City of Williams Lake's Municipal Worksyard at 555 N Second Avenue. You must have a copy of the approved Rebate Form with

you when the fixture is dropped off. The form must be signed by a City representative.

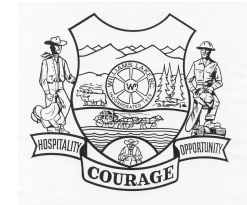

WHAT DO I NEED TO APPLY FOR THE REBATE PROGRAM?

1. Pick up an application form at City Hall, Development Services, 450 Mart Street. Fill it in and return to City Hall or email cwalters@williamslake.ca.
2. Provide a receipt for the purchase of an approved low flow fixture.
3. Provide proof of installation of a low flow toilet or appliance and proof that the old toilet or appliance has been brought to the Municipal Worksyard. This is achieved by:
 - An inspection of the newly installed toilet in place by a City Representative
 - A signed copy of the application form proving the old unit was dropped off at the Municipal Worksyard located at 555 North Second Avenue.
4. You must agree to permit the representative of the City of Williams Lake access to inspect the installation.

Simple toilet replacements do not require a plumbing permit. However, if you are also renovating, you must apply for a building permit.

City staff will review your application and, if you qualify, the City of Williams Lake will mail you a cheque for each eligible low flow toilet or appliance (up to two rebates per residential dwelling per year).

This program is on a first come first serve basis. Your application must be approved by the Municipal Services Coordinator prior to purchasing a low flow toilet to guarantee a rebate.

The City of Williams Lake will send a rebate cheque for qualifying installations to the registered homeowner as explained.

Low Flow Toilets - Rebates for toilets will be:

1. The amount of the receipt to a maximum of \$75 for each low flush (4.8L) fixture
2. The amount of the receipt up to a maximum of \$100 for each dual flush (3/4.8L) fixture
3. And the amount of the receipt to a maximum of \$125 for a 3 liter flush toilet.

For a list of Maximum Performance (MaP) tested approved fixtures visit the website

www.cwwa.ca/freepub_e.asp to view.

For new construction, where dual flush (3/4.8L) fixtures are installed, the City of Williams Lake will rebate \$50 with no maximum number per year and will rebate \$75 for all 3 liter fixtures with no maximum number per year.

Clothes Washers - Rebates for Clothes Washers will be the amount of the receipt to a maximum of \$150 for appliances that have a Water Factor of less than 6 and the amount of the receipt to a maximum of \$200 for appliances that have a Water Factor of 3 or less. For a list of appliances and their Water Factor, please go to www.williamslake.ca

Click on Departments, Planning and Operations, Appliance Rebates.

Dishwashers – rebates for Dishwashers will be the amount of the receipt to a maximum of \$150 for appliances that have a Water Factor of 6 or less and the amount of the receipt to a maximum of \$200 for appliances with a Water Factor of 3 or less. For a list of appliances and their Water Factor, please go to

www.williamslake.ca

Click on Departments, Planning and Operations, Appliance Rebates.

All rebate claims are subject to verification. This offer is on a first come first serve basis and may be withdrawn at any time. **Limit of 2 toilet/appliance rebates per residential dwelling per year.**
