City to Begin Dog Creek Road Paving and Repairs on Tuesday, October 11th

Paving and road repair operations on Dog Creek Road within City of Williams Lake limits are slated to get underway on Tuesday morning, October 11th, weather permitting.

City of Williams Lake Manager of Public Works Matt Sutherland said work is expected to take four to five days to complete.

“During this time we are asking the public to please be patient, to obey traffic controls and signage, and to exercise caution when driving in the vicinity of crews and equipment. Travelers should also expect some delays as work is taking place,” Sutherland said, noting motorists may also wish to use alternative routes for access where available.

The City would like to thank motorists in advance for their understanding and cooperation while paving operations are underway.

If you have questions or concerns contact Sutherland by email at msutherland@williamslake.ca or by phone at 250.392.1781.
