Evacuation Order Rescind

The City of Williams Lake Emergency Operations Center is advised that the imminent risk of danger to life for Frizzi Road Property number 4105 has partially diminished at this time.

Hence, the Evacuation Order issued on April 24, 2020, pursuant to the *City of Williams Lake Emergency Measures Bylaw No. 1961, 2005*, is therefore rescinded, for the following property:

- **4105 Frizzi Road**

The City of Williams Lake Emergency Operations Center continues to monitor the situation surrounding the noted property in partnership with the property owners. The property owners will be allowed to return, but are reminded to remain aware of any hazards and practice caution while occupying the site. The property owner is advised to restrict access to the building located at 4105 Frizzi Road and within 25 meters from the crest of the slope for personal or business purposes.

Due to the possibility of changing conditions, an Evacuation Alert or Order may need to be reissued, in the event, the risk of danger to life and property should warrant such action.

Property owners will be given as much advance notice as possible should an Evacuation Alert or Order be reissued; however, you may receive limited notice due to changing conditions.
