SANDBAGS AVAILABLE FOR WILLIAMS LAKE RESIDENTS

The City of Williams Lake is once again preparing for the freshet season. At this time the City is not aware of any imminent threat of flooding to property owners but want to be prepared in case water levels begin to rise quickly.

As a precaution, sand has already been delivered to Signal Point Road and the South Lakeside lift station, which can be accessed by residents who may require sandbags this spring.

If you require sandbags, please contact the City at 250-392-8481 to make arrangements to pick up bags from our City Works Yard.

For additional information please contact **Municipal Services at 250.392.1784**
